Subject: RE: NPDES permit for Asplund Facility

Thank you, Jenny! I will email Jamey separately to set up a call.

Take care,
Giulia

Hi Giulia, thanks for the email. I'm guessing your colleague, Taryn, has gotten in touch with Erin Seyfried, the program lead, on Pebble Mine and Bristol Bay. Re: Asplund, the program lead is Jamey Stoddard. They are both very knowledgeable and helpful. I've cc'ed them above, and their numbers are below.

Erin Seyfried – 206-553-1448
Jamey Stoddard – 206-553-6110

All the best,
Jenny Wu

Hi Jenny,

I'm checking in again. I hope you are well, and I have really admired all the work you have done on NPDES permits in the Columbia Basin! It sounds like you connected with my colleague Taryn about Pebble Mine and Bristol Bay issues as well, which is really exciting.

I'm trying to figure out who at EPA Region 10 might be able to give me information about the status of the Asplund Water Pollution Control Facility NPDES permit (in Alaska)? Is that possibly on your desk? Or do you know who is working on it?

Thank you,

Giulia

Subject: NPDES permit for Asplund Facility

Hello Jenny,

I have seen your name and email on several NPDES permits in the region, including for dams here in the Columbia Basin. I am trying to find out more information about the status of the Asplund Water Pollution Control Facility (run by the Anchorage Water and Wastewater Utility) application to renew its NPDES permit and 301(h) waiver. We submitted comments on the permit and waiver back in 2015.

Is this a matter that is on your desk? If not, could you help connect me with the person that is overseeing this permit application?

Thank you for your help.

Best,
Giulia
